ANNEXURE - XXV**INSTRUCTIONS TO TENDERERS FOR SUBMISSION OF ONLINE BIDS IN E-TENDER**

Tenderers are required to submit only soft copies of their bids electronically on the TAMILNADU GOVERNMENT E-PROCUREMENT Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the tenderers in registering on the TAMILNADU GOVERNMENT E PROCUREMENT Portal, prepare their bids in accordance with the requirements and submitting their bids online on the TAMILNADU GOVERNMENT E-PROCUREMENT Portal. More useful information for submitting online bids on the TAMILNADU GOVERNMENT E PROCUREMENT Portal may be obtained at:

<https://tntenders.gov.in/nicgep/app>

A. REGISTRATION

Tenderers are required to enrol on the e-Procurement module of the Tamil Nadu Government E procurement Portal (URL: <https://tntenders.gov.in/nicgep/app>)

1. By clicking on the link “Online tenderer Enrolment” on the TAMILNADU GOVERNMENT E -PROCUREMENT Portal which is free of charge.
2. As part of the enrolment process, the tenderers will be required to choose a unique username and assign a password for their accounts.
3. Tenderers are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the TAMILNADU E PROCUREMENT Portal.
4. Upon enrolment, the tenderers will be required to register their valid Digital Signature Certificate (DSC) (Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify/nCode/ eMudhra etc.), with their profile.
5. Only one valid DSC should be registered by a tenderer. Please note that the tenderers are responsible to ensure that they do not lend their DSCs to others which may lead to misuse.
6. Tenderers can then log in to the site through the secured log-in by entering their user ID/ password and the password of the DSC/ e-Token.

B. SEARCHING FOR TENDER DOCUMENTS

1. There are various search options built-in in the TAMILNADU GOVERNMENT E PROCUREMENT Portal, to facilitate tenderers to search active tenders by several

parameters. These parameters could include Tender ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced search for tenders, wherein the tenderers may combine several search parameters such as Organization Name, Form of Contract, Location, Date, Other keywords etc. to search for a tender published on the TAMILNADU GOVERNMENT E PROCUREMENT Portal.

2. Once the tenderers have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would enable the TAMILNADU GOVERNMENT E PROCUREMENT Portal to intimate the tenderers through SMS / e- mail in case there is any corrigendum issued to the tender documents.
3. The tenderer should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

C. PREPARATION OF BIDS

1. Tenderer should consider any and all corrigendum published on the tender document before submitting their bids.
2. Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the prescribed expectations of the tender, number of documents - including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
3. Tenderer, in advance, should get ready with the bid documents to be submitted as indicated in the tender document/ schedule and should be in PDF formats. Bid documents may be scanned with 100 dpi with Black and White option which helps in reducing size of the scanned document.
4. To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) has been provided to the tenderers. Tenderers can use "My Space" or "Other Important Documents" area available to them to upload such documents. These documents may be directly submitted from the "My Space" area while submitting a bid, and need not be uploaded again and again. This will lead to reduction in the time required for bid submission process.

D. ELECTRONIC SUBMISSION OF BIDS

The tenderer shall submit online the requirements under qualification criteria and technical documents required and Price Bid. All the documents are required to be signed digitally by the tenderer. After electronic online bid submission, the system generates a unique bid reference number which is time stamped. This shall be treated as acknowledgment of bid submission.

E. PROCEDURE FOR SUBMISSION OF BIDS

1. Tenderer should log-in to the site well in advance for bid submission so that they can upload the bid in time i.e. on or before the bid submission time. Tenderer will be responsible for any delay due to other issues.
2. The tenderer has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
3. Tenderer has to select the payment option as “offline/online” to pay the tender fee / EMD as applicable and enter details of the instrument.
4. Tenderer should prepare the EMD as per the instructions specified in the tender document.
5. Tenderers are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. If the price bid has been given as a standard BoQ format with the tender document, then the same is to be downloaded and to be filled by the tenderer. Tenderers are required to download the BoQ file, open it and complete the white coloured (unprotected) cells with their respective financial quotes and other details (such as name of the tenderer etc). No other cells should be changed. Once the details have been completed, the tenderer should save it and submit it online, without changing the filename. If the BoQ file is found to be modified by the tenderer, the bid will be rejected.
6. The server time (which is displayed on the tenderers’ dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the tenderers, opening of bids etc. The tenderers should follow this time during bid submission.
7. All the documents being submitted by the tenderers would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128 bit

encryption technology. Data storage encryption of sensitive fields is done. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid openers public keys.

8. The uploaded bid documents become readable only after the tender opening by the authorized bid openers.
9. Upon the successful and timely submission of bids (i.e. after Clicking “Freeze Bid Submission” in the portal), the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.
10. The bid summary has to be printed and kept as an acknowledgement of the submission of the bid. This acknowledgement may be used as an entry pass for any bid opening meetings.
11. In all cases, tenderer should use their own ID and Password along with Digital Signature certificate at the time of submission of their bid.
12. During the entire e-tender process, the tenderers will remain completely anonymous to one another and also to everybody else.
13. The e-tender floor shall remain open from the pre-announced date & time and for as much duration as mentioned above.
14. All electronic bids submitted during the e-tender process shall be legally binding on the tenderer. Any bid will be considered as the valid bid offered by that tenderer and acceptance of the same by TNTBESC will form a binding contract between TNTB&ESC and the tenderer for execution of supply.
15. It is mandatory that all the bids are submitted with digital signature certificate otherwise the same will not be accepted by the system.
16. TNTBESC reserves the right to cancel or reject or accept or withdraw or extend the tender in full or in part without assigning any reason thereof.
17. The server time shall be treated as final and binding. Bids recorded in the server before the bid closing time will only be treated as valid bid. Tenderers are, therefore, advised to submit their bids well before the closing time of e-tender. If any bid reaches the server after the bid closing time as per server time, the same will not be recorded and no complaint in this regard shall be entertained. The Tender Inviting Authority (TIA) will not be held responsible for any sort of

delay or the difficulties faced during the submission of bids online by the tenderers due to local issues.

18. Tenderers are advised to exercise caution in quoting their bids in e-tender to avoid any mistake. Bids once submitted cannot be recalled.
19. Any order resulting from this bidding process shall be governed by the terms and conditions mentioned in the tender documents.
20. No deviation to the technical and commercial terms & conditions are allowed.

F. ASSISTANCE TO TENDERERS:

1. Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.
2. Any queries relating to the process of online bid submission or queries relating to TAMILNADU GOVERNMENT E PROCUREMENT Portal in general may be directed to the 24x7 TAMILNADU GOVERNMENT E PROCUREMENT Portal Helpdesk
