3	(Page no. 16/17) Clause 4. Detailed Scope of Work Point 4.4 EMAIL ARCHIVAL SOLUTION DEPLOYMENT	Install and configure on-premises Email Archival Appliances in HA. Alternatively for archival of mail data, bidder may use the compute and storage of WBSDC. In that case the bidder has to propose the archival solution (software and licenses, if any) and <i>also integrate seamlessly with the WBSDC hardware.</i>	Install and configure on-premises Email Archival Appliances in HA.
4	(Page no. 26) Clause 7. Point No. 1	The solution may be appliance-based and not require installing additional Operating System, Databases and/or requiring external storage. Alternatively, the bidder has to deploy their archival solution with 2 years' support which will utilize the compute and storage in WBSDC subject to the availability of resources. The proposed archival solution along with the migration plan has to be documented in the technical bid and presentation has to be given by the bidder.	The solution may be appliance-based and not require installing additional Operating System, Databases and/or requiring external storage. The proposed archival solution along with the migration plan has to be documented in the technical bid and presentation has to be given by the bidder.
5	(Page no. 27) Clause 7.1 Detailed Specification for Email Archival Solution	Pre-configured Email Archival Appliance with initial storage capacity of minimum 8TB. Alternatively, the bidder can deploy license based archival solution with 2 years' support which will utilize the compute and storage in WBSDC subject to the availability of resources. The resource requirement has to be indicated by the bidder.	Pre-configured Email Archival Appliance with initial storage capacity of minimum 8TB.

अन्य सभी नियम और शर्तें अपरिवर्तित रहेंगी।

All other terms & conditions will remain unchanged.
