1. The minimum average annual financial turnover of the bidder during the last three years, ending on 31st March of the previous financial year, should be as indicated above in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the bidder is less than 3-year-old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.

2. Years of Past Experience required: The bidder must have experience for number of years as indicated above in bid document (ending month of March prior to the bid opening) of providing similar type of services to any Central / State Govt Organization / PSU. Copies of relevant contracts / orders to be uploaded along with bid in support of having provided services during each of the Financial year.

3. Purchase preference to Micro and Small Enterprises (MSEs): Purchase preference will be given to MSEs as defined in Public Procurement Policy for Micro and Small Enterprises (MSEs) Order, 2012 dated 23.03.2012 issued by Ministry of Micro, Small and Medium Enterprises and its subsequent Orders/Notifications issued by concerned Ministry. If the bidder wants to avail the Purchase preference for services, the bidder must be the Service provider of the offered Service. Relevant documentary evidence in this regard shall be uploaded along with the bid in respect of the offered service. If L-1 is not an MSE and MSE Service Provider (s) has/have quoted price within L-1+ 15% of margin of purchase preference /price band as defined in the relevant policy, then 100% order quantity will be awarded to such MSE bidder subject to acceptance of L1 bid price. The buyers are advised to refer to the [OM No.1 4 2021 PPD dated 18.05.2023](#) for compliance of Concurrent application of Public Procurement Policy for Micro and Small Enterprises Order, 2012 and Public Procurement (Preference to Make in India) Order, 2017. Benefits of MSE will be allowed only if the credentials of the service provider are validated on-line in GeM profile as well as validated and approved by the Buyer after evaluation of submitted documents.

4. Estimated Bid Value indicated above is being declared solely for the purpose of guidance on EMD amount and for determining the Eligibility Criteria related to Turn Over, Past Performance and Project / Past Experience etc.

This has no relevance or bearing on the price to be quoted by the bidders and is also not going to have any impact on bid participation. Also this is not going to be used as a criteria in determining reasonableness of quoted prices which would be determined by the buyer based on its own assessment of reasonableness and based on competitive prices received in Bid / RA process.

5. Past Experience of Similar Services: The bidder must have successfully executed/completed similar Services over the last three years i.e. the current financial year and the last three financial years(ending month of March prior to the bid opening): -

1. Three similar completed services costing not less than the amount equal to 40% (forty percent) of the estimated cost; or
2. Two similar completed services costing not less than the amount equal to 50% (fifty percent) of the estimated cost; or
3. One similar completed service costing not less than the amount equal to 80% (eighty percent) of the estimated cost.

**Detailed standard conditions applicable for the Annual Maintenance Contract
(Clause 3, Chapter-2 of Tender Document)**

Introduction

This document contains the standard conditions applicable for the Annual Maintenance Contract between RailTel and the Contractor. Contractor is defined as the company who has entered into Annual Maintenance Contract (AMC) with RailTel for products/equipment's deployed over the RailTel telecommunication network and the AMC of these equipment's has expired or going to expire shortly. All the equipment's / cards / modules given in SOR will be covered under this contract. Any addition or deletion will be decided mutually by RailTel and the contractor. This Annual Maintenance Contract will cover up the provision of remote services to be provided by the contractor for proper working of Network created through Juniper make equipment's or other equipment's purchased as per recommendations of M/s Juniper. This document will also cover up the Repair and Return / Replacement services for the rectification of defective modules/cards/parts etc. which are the key tools in use for uninterrupted traffic. It also includes the Key performance parameter which will decide the outcome of the contractor within reasonable time frame along with the provision of penalties. This Annual Maintenance Contract will cover the following services:

- **Technical Support service.**
- **Repair and Return / Replacement Service.**
- **Software Updates.**

2. Basic Definitions and terminology Used:

RailTel: RailTel Corporation of India Limited having its registered office at 6th Floor, IIIrd Block, Delhi Technology Park, Shastri Park, Delhi-110053 and Corporate Office at Plot No. 143, Institutional Area, Sector-44, Gurugram-122003.

Contractor: Contractor means firm/company who has entered into Annual Maintenance Contract (AMC) with RailTel for Long Term Maintenance Support of equipments deployed over the Telecommunication Network of RailTel.

OEM (Original Equipment Manufacturer) means firm/company whose equipment are proposed to be covered under the AMC through this tender, details are given in SOR (chapter-2).

TSC: Technical Support Center created by the Contractor/OEM for 2nd level support.

TEC: Telecom Excellence Center created by the Contractor/OEM for 3rd level support.

WC: Welcome Center of Contractor/OEM through which the RailTel may interact with Contractor/OEM.

AR: Assistance Request created by WC of Contractor/OEM for a specific request of RailTel which will be used for all references until its closure and also for future correspondence.

Maintained Products: Details of equipment's with location wise deployment and serial identification numbers to be incorporated in a statement jointly signed by RailTel and Contractor, which will be covered under AMC contract.

Severity Levels:

Severity Levels are defined as the condition of the system when RailTel submits an Assistance Request (AR). There are three severity levels for reported problems. Severity levels are defined as follows:

“Critical” (also known as Severity Level 1, SL1): The system is inoperative and RailTel's inability to use the product has a critical effect on RailTel's operations. This condition is generally characterized by complete system failure and requires immediate correction.

“Major” (also known as Severity Level 2, SL2): The system is partially inoperative but still usable by RailTel. The inoperative portion of the product severely restricts RailTel's operations, but has a less critical effect than a severity level 1 condition.

“Minor” (also known as Severity Level 3, SL3): The system is usable by RailTel, with little or limited impact to the function of the system. This condition is not critical and does not severely restrict overall RailTel operations.

RailTel shall inform the severity based on above definitions, at the time of opening of AR with Contractor/OEM's TSC. If TSC feels to disagree on the severity, may discuss with RailTel on correction of severity. Where parties disagree on the classification of a particular reported problem, RailTel and Contractor/OEM's technical contacts will discuss the classification in good faith to reach a mutually acceptable classification. In the event, the parties are unable to reach agreement on the classification, the reported problem shall be classified at the discretion of RailTel.

Key Performance Indicators (KPIs):

The key performance indicators (KPI) established by contractor and RailTel, are dependent on the severity level of the request as reported by RailTel to the TSC through telephone. Contractor's KPIs extend to Maintained Products running on a currently supported software version release only. These are KPIs which will decide the penalties to be imposed on contractor if he fails to achieve the fixed parameter for both remote services and Repair & Return services.

“Response Time” (also known as Specialist Call-back) means the time period from when RailTel first notifies the Contractor/OEM's welcome center of a reported problem to when contractor's/OEM's expert attempts to contact RailTel via telephone or preferred contact method as defined when submitting the request.

“Restore Time” (also known as Remote Neutralization) means a measure of the length of time from when contractor/OEM is contacted and an event is determined to be loss of service and/or functionality affecting, to the time when contractor/OEM

provides the means to return a system to operational status. This will be applicable only for services impacting cases. Travel time of field's engineers or TSC engineers and spare arrangement times will be excluded in this.

Resolve Time (Also known as Final Resolution Time) means a measure of the length of time from when RailTel first notifies the contractor/OEM's welcome center to the time when a solution to address the issue is made available to RailTel. This may or may not occur simultaneously with Restore Time.

Patch Releases/Maintenance Releases:-

"Patch Release" means a software release that contains minor modifications to address a specific problem and help restore a system. A Patch Release may also be known as "Craft Release".

"Maintenance Release" means a software release that contains modifications intended to resolve problems that prevent products from performing up to the manufacturer's technical specification. Typically they are comprised of a collection of Patch Releases. Maintenance Release may also be known as an "Update Release" or a "Point Release".

Technical Support Service:-

During this AMC period, whenever needed, RailTel may contact the Contractor's Support center (WC) through a dedicated phone no. or e-mail address or Web for every issue or request. The Welcome Center of the Contractor (WC) and OEM will be available 24 hours a day and 365 days of the year. Welcome Centre creates the Assistance Request (AR) in the database and this AR will be used for all future correspondence /references and it will route to either for Repair or Return services or to Technical support center (TSCs) for remote assistance. These level 2 services provided through Technical support center may escalate to Technical Experts centre or to OEM dedicated technical support centers (for OEM support for hardware and /or software portion of the products).

The Welcome Centre of contractor (WC) keeps track of the assistance request (AR) or part request until closure.

Normally RailTel will contact WC of the Contractor for reporting any issues related to its network. But, in some emergency cases when it is not possible to contact WC or concerned team of contractor, RailTel shall report/escalate the issue directly to the OEM. For this purpose, bidder shall submit its escalation matrix along with the escalation matrix of the OEM.

3. Contractor's responsibilities:

3.1 Contractor/OEM shall login RailTel Network in support of product related questions troubleshooting assistance, diagnostic procedures, and Patch & Maintenance Releases, as are made available, to restore and resolve network troubles. The following services will be provided:

3.1.1 Troubleshoot network problems via phone, virtual private network, or modem connection down to Maintained product component level, or sufficiently to the maintained products as

the root cause.

- 3.1.2 Provide technical advice and guidance via telephone or email by Contractor's product specialists located in their Technical Support Centers (TSC). Upon request from RailTel, RailTel will receive information, advice and assistance for the Maintained Products.
- 3.1.3 Provide Patch & Maintenance Releases for Maintained Products, as provided in accordance with the applicable product software support policy. For selected products noted on Maintained Products Contractor will remotely install software fixes, patches, and updates that may be made available.
- 3.1.4 For Severity Level Critical (Severity 1) and Major (Severity 2) will restore Maintained Products to operational status by identifying defective hardware components or providing software and/or procedural workarounds, where feasible. All software workarounds will be licensed subject to the same terms, restrictions, and limitations as contained in the licenses under which the software was acquired.
- 3.1.5 Not Used.
- 3.1.6 The Incharge of CNOC shall fill up the history sheet containing the statistics about the health of equipments installed at the concerned site and send areport, on monthly basis. Based on this history sheet the contractor shall analyze the health report of each site and if something alarming or unusual is noticed, shall advise the CNOC staff of RCIL to take necessary actions for preventive maintenance of such equipments. The Proforma for checking the status/history sheet shall be jointly decided by the contractor and RCIL.
- 3.1.7 Software Update:

RailTel will be extended the benefits of software updates made by OEM on the installed systems on existing release from time to time to improve performance. If required to restore or rectification of severe problems all the software up- gradation, re-installation will be done by contractor during the period of AMC.

3.2 RailTel Responsibility:-

When reporting an AR, RailTel shall include Severity Level of problem and output of any diagnostic, printed logs, already performed to help reproduce the conditions under which the trouble occurred. Identify site ID or contact number, submitter name & location, callback telephone number and/or email address, system name and location, processor location, type and serial number, and alternate contact.

- 3.2.1 RailTel will notify contractor in writing immediately of any change in the employment or authorization status of any personnel having authorized access to the Web site.
- 3.2.2 RailTel will provide remote access to Contractor/OEM's TSC to access their network through a secure connection.

- 3.2.3 RailTel will perform first level diagnostics before handing over the ticket to the Contractor. RailTel will share all network layouts, link details etc which may be needed by Contractor to help troubleshooting the issue.
- 3.2.4 RailTel will provide all necessary documents for repair of cards.
- 3.2.5 RailTel will provide all necessary technical field support in the form of field technical staff equipped with necessary equipments etc. to give remote access to Contractor.

4. Repair and Return / Replacement Services

4.1 Repair / Replacement

4.1.1 Contractor's Responsibility:-

- The Contractor will take- over the defective cards/SFPs from RailTel CNOC and hand-over the repaired card at the same location. The following activities will be performed by the contractor:
- After receiving a defective part request from RailTel through Welcome Centre (dedicated phone line or e-mail), the defective part will be taken over by the contractor from the RailTel CNOC. All the documentation including identification number (Serial number) will be provided by RailTel.
- There will be initial one time activity of all existing faulty cards being repaired by Contractor before commencement of the AMC. AMC will cover only Cards which are in working condition. The list of existing faulty cards/parts will be shared by RailTel with the contractor.
- **Delivery Period:** The received defective part will be got Repaired/Replaced by the contractor in NBD. The contractor will also give probable reason for repeated failure cards/modules.
- The penalties mentioned in clause 5.2 below will be applicable for not replacing the faulty part within mentioned time period. The contractor will also give probable reason for repeated failure of cards/ modules.

Uninterrupted Network: For smooth and uninterrupted traffic during the repair / replacement being carried out by the contractor.

1. RailTel will use its own spare card if faulty card is not replaced immediately by the contractor.
2. All transportation, freight and insurance charges will be borne by the contractor.
3. Contractor will keep the record of repair on each defective part/cards/SFP with serial numbers (unique identification) particulars.

4.1.2 RailTel's Responsibility

RailTel will hand over the defective card/SFP/Parts/etc. to the contractor's authorized representative the RailTel CNOC along with the following relevant information & documentation.

- Identification/serial number and location of use.

The purchaser may, without prejudice to any other remedy for breach of contract, by written notice of default, sent to the Tenderer, terminate this contract in whole or in part.

- a) If the tenderer fails to deliver any or all of the goods within the time period(s) specified in the contract.
- b) If the tenderer fails to perform any other obligation(s) under the contract; and
- c) If the tenderer, in either of the above circumstance(s) does not remedy his failure within a period of 30 days (or such longer period as the Purchaser may authorize in writing) after receipt of the default notice from the Purchaser.

6.13 Right of RailTel after termination of contract owing to default of contractor:

- a) The contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into any commitments or made any advances on account of or with a view to the execution of the works or the performance of the contract and contractor shall not be entitled to recover or be paid any sum for any works thereto not actually performed under the contract, unless or until the Engineer shall have certified the performance of such work and the value payable in respect thereof and the Contractor shall only be entitled to be paid the value so certified.

- b) The Engineer or Engineer's Representative shall be entitled to take possession of any materials, tools, implements, machinery or buildings on the works or on the property on which these are being or ought to have been executed, and to retain the employ the same in further execution of the works without the contractor being entitled to any compensation for the use and employment thereof or for wear and tear or destruction thereof.
- c) The Engineer shall, as soon as may be practicable after removal of the contractor fix and determine expert or by or after reference to the parties or after such investigation or enquiries as he may consider fit to make or institute and shall certify what amount (if any) has at the time of termination of the contract been reasonably earned by or would reasonably accrue to the Contractor in respect of the work then actually done by him under the contract what was the value of any unused or partially use materials, any constructional plants and any temporary works upon the site. The legitimate amount due to the contractor after making necessary deductions and certified by the Engineer should be released expeditiously.

6.14 Settlement of dispute and arbitration:

If any matter arises between the parties about this agreement then the parties shall meet to discuss the matter and shall negotiate in good faith to endeavor to resolve the matter; however if any matter arising has not been resolved by the parties within thirty (30) days after the date the party raising the matter gave notice of it to the other party then the matter shall be submitted by either party to Arbitration.

- 6.14.1 Arbitration shall be held in New Delhi, India. The arbitration shall be conducted as per the provisions of Indian Arbitration and Conciliation Act 1996 and any statutory modification or re-enactment thereof.
- 6.14.2 The arbitration shall be conducted by a sole arbitrator mutually appointed by RailTel and the bidder.
- 6.14.3 The arbitration proceedings shall be conducted in the English language.
- 6.14.4 The decision of the arbitrator thereon shall be final, conclusive and binding on both the parties to the Agreement.
- 6.14.5 Each party shall bear the cost of preparing and presenting its case, and the cost of arbitration, including fees and expenses of the arbitrators, shall be shared equally by the parties unless the award otherwise provides.

6.15 Purchaser's Right to Vary Quantities

- (A) Upto maximum extent of +/- 50% subject to following condition
 - i. Upto +25% with no rebate.
 - ii. From +25% to +40% with 2% rebate
 - iii. From +40% to +50% with 4% rebate

For variation beyond +50% of the quantity mentioned in the SOR may be done after proper negotiation with the selected bidder.
