

**RAILTEL CORPORATION OF INDIA LIMITED (RAILTEL) ANNUAL  
REVIEW ON THE PERFORMANCE / ACTIVITIES FOR THE YEAR  
2024-25**

RailTel was formed as a Schedule A CPSE under the administrative control of Ministry of Railways in September, 2000 with the aim of modernizing the existing telecom system for train control, operation, and safety and to generate additional revenues by creating nationwide broadband and multimedia network, laying optical fiber cable using the right of way along railway tracks. RailTel is a Navratna CPSE and the equity shares of the Company got listed on National Stock Exchange of India Limited ("NSE") and BSE Limited ("BSE") w.e.f. 26.02.2021. The Company was granted the prestigious "Navratna" CPSE Status on 30.08.2024 by DPE.

2. The present paid up share capital of RailTel is Rs. 320.94 Crore and the Networth of the Company at 31.03.2025 is Rs. 2000 Crore.

3. Presently, the optic fiber network of RailTel covers over 63000 plus route kilometers and covers 7000 plus railway stations across India. Citywide access across the country is 21000 plus kms. This infrastructure is complemented by certified TIER-III data centers, a MeitY-empanelled cloud platform (RailCloud), and advanced Security and Network Operation Centres.

4. RailTel has partnered with M/s Techno Electric & Engineering Company Ltd to develop a 10 MW Data Centre at Noida.

5. RailTel has implemented NIC e-office in 236 railway units, streamlining administrative functions and enhancing transparency. RailTel has also provided free high speed Wi-Fi at over 6115 stations, including remote and rural areas, significantly boosting digital inclusion. RailTel rolled out the Hospital Management Information System (HMIS) in 713 railway units, enabling electronic health records, teleconsultation and integration with the Ayushman Bharat Digital Mission. RailTel is implementing the work of installing IP-based video surveillance systems at about 5000 stations, strengthening the overall security infrastructure.

6. RailTel has been awarded 2 works for deploying Kavach covering 1109 route kilometers track of East Central Railway. RailTel has successfully implemented the tunnel communication system for the Katra-Banihal section -extremely challenging terrain that connects the Kashmir valley to the rest of the country.

7. RailTel's Home Internet solution retail broadband service RailWire serves more than 5.75 lakh subscribers through successful partnership with more than 11000 partners. RailTel has tied up with Playbox TV for OTT aggregation and offering OTT bundled RailWire plans to 67000+ customers, which includes most of the premium OTTs.
